

## **BLACK DIAMOND NETBALL – MEDIA CONSENT POLICY**

### **1. Purpose**

The Club regularly takes photographs and video footage during training, matches, and events to promote the Club, celebrate achievements, and attract new members. This policy explains how we use those images.

### **2. What we may use**

Photos and videos may be published on:

- The Club's official website
- Social media channels (Facebook, Instagram, Twitter)
- Printed materials (brochures, banners, posters)
- Local newspapers or partner websites

### **3. Consent**

By signing the Player Application Form (or this policy), you:

- Grant the Club a perpetual, royalty-free, non-exclusive licence to use the player's image for the above purposes.
- Agree that no payment will be made for the use of these images.
- Understand that once images are on the internet, the Club cannot control how third parties may use them.

### **4. Safeguarding**

- We will never publish a player's full name alongside their image on public platforms without separate consent (first name only, or no name, unless agreed).
- Images will not be sold to third parties.
- The Club will remove any image from its own channels upon receipt of a reasonable written request, but cannot guarantee removal from external sites.

### **5. Withdrawing consent**

You may withdraw consent at any time by emailing [info@blackdiamondnc.co.za](mailto:info@blackdiamondnc.co.za). The withdrawal will apply to all future publications; we cannot recall materials already distributed.

### **6. Refusal / opting out**

Players who do not consent to media use will be noted on the team register. Coaches will make reasonable efforts to exclude those players from group photos intended for publication, but incidental inclusion in background shots may occur at events.
